The Q3 (Jan-Mar 2011) Labour Hire Report compiled by Intermedium from contract data published on AusTender up to 16 May 2011, has just been released which monitors IT contractors employed on a time and material basis with Federal Government.

Overall, the average value of contracts was \$114,000 in Q3 2010-11, up from \$105,000 in Q3 2009-10. IT Labour Hire reported within the quarter has an overall contract value of \$134 million and consisted of 1,178 contracts.

Finite IT was one of the largest agency providers to Federal Government during this quarter with a total of 79 contracts, an overall 6% market share, representing a significant 169% increase over the same period in 09/10.
